

## SPECIFICATIONS: SUMMER Collection

Supply of **FAP ceramiche** white body single-fired ceramic wall tiles.

### Product and process features

**FAP ceramiche** white body, single-fired glazed wall tiles.

### Conformity To EN 14411- L Standards

The **Summer** collection complies with all ISO 13006 - EN 14411 standards (Annex L, Group BIII E<sub>v</sub>>10%).

### Ecological certifications

All FAP ceramiche products have obtained DNV certification for the environmental standards required by the Minimum Environmental Criteria [CAM] (New Public Contracts Code, Legislative Decree no. 50/2016) set for public contracts for design and for works for the new construction, renovation and maintenance of public buildings. The aim is to encourage the production of products/services with reduced environmental impact, thanks to the inclusion of environmental criteria in the purchasing processes of public administrations. All FAP ceramiche contribute to obtaining LEED V4 credits. LEED certification, developed by the U.S. Green Building Council, is recognised at international level, and establishes whether a building respects the environment and is a safe place to live and work in.

The white-body items from the SUMMER collection contain more than 20% of pre-consumer recycled material.
